Water Exercise Class Descriptions
<i>Ai Chi</i>
Ai Chi is a movement sequence of water exercises, performed in shoulder deep water, using a combination of deep breathing and slow broad movements in flowing continual patterns promoting relaxation.
<i>Aqua Barre Circuit</i>
Use the barre, noodles and aqua bells to create a challenge for your stability, balance and flexibility. Get long and strong in this Pilates based workout, spiced up with cardio intervals. Class held in the Therapy Pool.
<i>Aqua Fitness</i>
A fun, yet invigorating full body workout done in shallow water. Equipment may be used for resistance and buoyancy. Exercises are modified to be suitable to all abilities.
<i>Aqua HIIT</i>
Burn calories and lose weight in this high-intensity shallow water class. Begin with joint friendly movements and active stretching followed by interval training. Intensity can be modified to match your fitness level.
<i>Aqua Power Deep</i>
Energetic non-impact exercises in deep water designed to strengthen muscles, improve stamina and strength, increase mobility, and bone density. A variety of resistance and floatation equipment is used to increase resistance and stabilize posture. Class held in Lap Pool
<i>Deep Water Fitness</i>
Non-impact exercises in deep water designed to strengthen and tone all muscle groups. Participants use a variety of equipment to stabilize posture and increase resistance. Class held in Lap Pool.
<i>H2O Cross Training</i>
Includes deep and shallow water aerobics, fitness and conditioning. Floatation belts and resistance equipment are used to enhance the safe conditioning opportunity found only in the water. Try it - you'll like it! Class held in Therapy pool.
<i>Just Add Water</i>
The recipe for a healthier you: build endurance, increase flexibility, strengthen muscles, improve physique, fellowship with others, release stress, renew energy, mix all this together and just add water.
<i>Shallow Water Fitness</i>
Total body conditioning in shallow water; exercise equipment and energy determined by the instructor, suitable for all abilities.
<i>Water Dynamics</i>
Non-impact exercises done in shallow and/or deep water utilizing floatation device(s) to stabilize posture for a full body workout that reaps the benefits of water exercise.
<i>Water Wake Up</i>
Give your metabolism a jump start in this early morning class designed to build endurance, increase flexibility, strengthen muscles and get you on your way to a great day.
